

# Glass Systems B145 Pool Gate Fittings

## Product Features

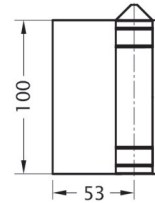

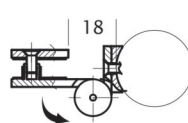

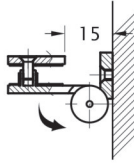

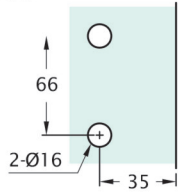

- A matching range of pool fittings to combine function and design for latches and pool gate fittings.
- All products have been manufactured in accordance with the NZ Building Code.
- Spring hinges have weight capacity up to 40kg and are tested to 20,000 cycles.
- Capri hydraulic hinges suit 8mm, 10mm and 12mm glass, up to 60kg weight.
- Allegro Hydraulic Floor Mounted Closers have a weight capacity to 80kg, feature simple installation and don't require any floor cut-out.
- The hydraulic soft-close mechanisms offer easy adjustment of both closing and latching speeds.
- All products are manufactured from stainless steel for long life & serviceability.
- Latches have built-in stops and come complete with magnetic catches. Fixing plates for either round or square posts are included and a Slip-On glass-to-glass (no glass cut-out needed) option is available.
